Timing (you may choose to use specific days/months or frequency)	Participants	Name of PL (either specific workshop title, coaching, etc) <b>and format</b> ( Virtual, in-person, hybrid)	Description
August	Teachers & Instructional Leaders	Math Launch Training In-Person Workshop	Our launch training is a multi-day, hands-on experience that immerses educators in their high-quality instructional materials and their implementation using blended, self-paced, mastery-based structures. Teachers, coaches, and leaders engage in model lessons, analyze student work, and practice internalizing and planning units so they can implement with fidelity and an accessibility-first approach. By the end, educators leave with concrete tools, a clear plan, and support to ensure every student has access to rigorous, grade-level learning.
